Subject: RE: 704 cargo release

The only kit that is changing is the -015. The only kit we have shipped is to Eagle, who have incorporated the changes. Therefore, with the latest changes, I would leave D412-704-015 at CHG 001.

Guys...

Just to clarify....does the CHG number need to get rolled with this latest ECN? I am assuming it does.
(Therefore the red decal would need the new CHG #)
